RE: ML 44446-BSLS; Notice of Intent to Commence Mining

Dear Ms. Dean,

The Trust Lands Administration is in receipt of your notice of intent to commence mining upon trust lands under mineral lease ML 44446-BSLS. Your notification satisfies the requirements of the Trust Lands Administration. Cultural resources clearance is granted and no additional information is need at this time. Please ensure that all production from the state trust lands is accurately recorded and that royalties accruing to the trust are paid on a timely basis. I am enclosing a royalty reporting form for your convenience.

Prior to commencing any operations upon the trust lands, however, you must submit notification to the Utah Division of Oil, Gas & Mining 1596, West North Temple Street, Salt Lake City, UT 84114 (Mr. Tom Munson, 801- 538-5321). You must have the mining permit, M/045/028, and reclamation bond with DOGM amended to include proposed mining of state trust lands under ML 44446-BSLS.

Please contact me if you have any questions in this matter.

Sincerely,

John T. Blake  
Mineral Resources Specialist
